

## The Sonic Self: Musical Subjectivity and Signification (Hardback)

By Naomi Cumming

Indiana University Press, United States, 2001. Hardback. Book Condition: New. Indiana Univ PR.. 236 x 160 mm. Language: English . Brand New Book. Semioticians began by looking at literature but have gradually applied their techniques to other disciplines, including music. The late Naomi Cumming based this consideration of the sources of musical expression on her experiences as a performer-with interesting, if rarely surprising, results. -Choice Using classical violin music as her principal laboratory, the author examines how a performance incorporates distinctive features not only of the work, but of the performer as well-and how the listener goes about interpreting not only the composer's work and the performer's rendering of the work, but also of the performer's and listener's identities. A richly interdisciplinary approach to a very common, yet persistently mysterious, part of our lives.

### Reviews

*This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Natalie Abbott**

*This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.*

-- **Rene Olson**
