

## Bohai Gulf oil and gas exploration and development of engineering and technical Proceedings (16) [Paperback]

By LI LIAN JIANG

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 259 in Publisher: China Petroleum University Press; 1st edition (July 1. 2011). Contents: Chengbei depression Shahejie Formation depositional system and forming rules Chengdao main Dongying Formation district with evaluation and exploration the way earthquake the prescale technology in the prediction of the new North Oil Field Museum on the segment reservoirs application undersea cable pairs seized seismic exploration and processing technology on the victory exploration District's application Chengdao Island Oilfield Museum segments song flow division of river reservoir configuration elements of research Chengdao Oilfield Museum The last paragraph of reservoir heterogeneity Chengdao main Southern District 12-20 blocks of sedimentary microfacies Chengbei 30 buried hill reservoir connectivity analysis are mining points measured Chengdao oilfield fixed anti-column sub-sub-mining points measuring process the application of high-speed water filling sand control technology of the offshore oil field in victory and victory offshore oilfield effect perforation test liquid discharge associated hollow Chengdao oilfield injection wells of water distribution device integration measured tone fracturing sand control technology application in the the Laohekou Beach Sea oil field in the production ratio of Numerical...

### Reviews

*Most of these publication is the perfect ebook accessible. It is amongst the most awesome publication i have got read through. You wont truly feel monotony at whenever you want of the time (that's what catalogs are for regarding in the event you request me).*

-- **Prof. Edgar Kshlerin**

*It is easy in study safer to comprehend. It can be writter in basic phrases and never confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Emmitt Harber**
