Legacy Books Press. Paperback. Book Condition: New. Paperback. 442 pages. Dimensions: 8.9in. x 6.0in. x 1.1in. Between 1870 and 1871, the world changed forever. The Franco-Prussian War is often a forgotten war, its significance lost amidst larger conflicts such as the Napoleonic Wars and World War I. But, while it lasted less than a year, its aftermath would shape the course of history for decades to come. In this comprehensive and epic account, John-Allen Price explores how this short but far-reaching war came to be, bringing the men who shaped history to life. Price examines the Franco-Prussian War and its world, from the seeds of the war in the Age of Napoleon to the Paris Commune, and the aftershocks that led to a century of slaughter, a war to end all wars, and an even greater war after that. John-Allen Prices The War that Changed the World is a brilliantly written and exhaustively researched masterwork. With all the attention to detail one would expect of Keegan or Ambrose, Price has created a stunningly entertaining and thorough examination of an historical era which shaped the conflicts of the 20th and 21st Centuries. Prices examination of the Franco-Prussian war is engrossing, entertaining and delightfully readablepresented with a historians eye for detail and a novelists ear for story. Students of military history pass this book by at their peril. - New York Times Bestselling Author Michael A. Stackpole This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
