Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Cotton-Spinning Machinery Industry: Report on the Cost of Production of Cotton-Spinning Machinery in the United States Sir: I beg to submit herewith a report on the cost of production of cotton-spinning machinery in the years 1906 to 1914, comprising a study of the manufacture of such machines as are used in the various processes from the opening of the bale to the spinning of the cotton. This investigation was undertaken in accordance with the act of Congress approved August 23, 1912, establishing the Bureau of Foreign and Domestic Commerce. In addition to presenting the cost of production, the report contains information concerning manufacturing and selling methods, working conditions, imports and exports, and other features or conditions of this industry which were observed by the special agents. While in earlier years the American cotton-textile industry was mainly dependent upon foreign manufacturers for machinery, this dependence has been gradually removed, and at the present time statistics obtained from cotton mills throughout the United States show that over 90 per cent of the cotton-textile machinery installed...
