Includes pictures*Includes accounts of purported UFO sightings and Roswell*Includes online resources and a bibliography for further reading*Includes a table of contents"The point is that the idea of space vehicles shaped like flying saucers was imprinted in the national psyche for many years prior to 1947, when the Roswell incident took place. It didn't take much stretching for the first observers of UFOs to assume that the unknown objects hovering in the sky had the same disk shape as the science fictional vehicles." Frank Wu, illustrator for science fiction magazines When people think about unidentified flying objects (UFOs), they tend to think of flying discs piloted by gray beings with large heads and enormous eyes. They tend to think that these sightings only started relatively recently and that belief in UFOs is some sort of modern religion brought on, perhaps, by the very justifiable fears of a nuclear age. But a study of the phenomenon quickly reveals that humanity has been seeing UFOs since the beginning of recorded history and perhaps a lot longer than that.Modern Ufology focuses on mysterious lights on Ceres or tales of alien abduction, but this wasn't always the case. Looking at how belief in the UFO phenomenon has changed and how it has stayed the same sheds new light on how culture and belief changes over time. You don't have to believe humans are actually being visited by aliens from another planet to recognize the importance of UFOs in human society. Any widespread belief that endures for centuries is worthy of study, and as always, cases exist that can't be explained away as simple "belief" Everyone is familiar with theories...
