By Michael Langthorne

Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. 6000+ Vocabulary Words in a Weekend! The very best way to learn a new language is to stop thinking in your old language and immerse yourself in the new. But at the beginning you just don't know enough words to immerse yourself - kind of a catch-22. So the purpose of this book is to help you quickly build an incredibly large vocabulary and gain confidence. To be most effective, you should know the basics of French grammar from at least 6 months of high school French or a semester of college French. The vocabulary words in this book are extremely easy to memorize - you already know most of them! And by quickly boosting your vocabulary, you will also quickly boost your confidence in speaking, reading and writing French. Why is confidence so important? As your confidence increases, your ability to absorb a new language speeds up exponentially.

This publication will not be simple to get started on looking at but quite entertaining to learn. It generally fails to cost an excessive amount of. You will not feel monotony at anytime of your time (that's what catalogues are for about if you ask me).
