Michigan State University Press. Paperback. Book Condition: new. BRAND NEW, Field Guide to the Natural Communities of Michigan, Joshua G. Cohen, Michael A. Kost, Bradford S. Slaughter, Dennis A. Albert, The culmination of three decades of work by Michigan Natural Features Inventory ecologists, this essential guidebook to the natural communities of Michigan introduces the diverse terrain of a unique state. Small enough to carry in a backpack, this field guide provides a system for dividing the complex natural landscape of Michigan into easily understood and describable components called natural communities. Providing a new way to explore Michigan's many environments, this book details natural communities ranging from patterned fen to volcanic bedrock glade and beyond. The descriptions are supplemented with distribution maps, vibrant photographs, and comprehensive lists of characteristic plant species. The authors suggest places to visit to further study each type of natural community and provide a comprehensive glossary of ecological terms, as well as a dichotomous key for aiding field identification. An invaluable resource, this book is meant to serve as a tool for those seeking to understand, describe, document, conserve, and restore the diversity of natural communities native to Michigan.
